1800 - 1900			& Lyndsay Stewart					

GLORY IN THE COWSHED 2019 PROGRAMME

TALKS & MEDITATIONS

TALKS

- T** Indicates a session during which there may be a short talk. These will typically be 10-20 minutes long and may come at any point during the set. The aim is to keep the worship flowing - to weave in and out rather than to stop and start. If worship is in full flow then the speaker may not get to speak!

As we seek to follow where the Spirit leads, we will keep flexible as to who speaks on what and when; talks indicated may be moved, and there may be extra times of sharing not shown on the schedule.

DEVOTIONS

Each day will begin with an hour-long morning devotion at 8am.

CELTIC OFFICES

The Celtic church was very creative, community-focused and Spirit led. They developed a simple rhythm of life and worship, and the Celtic offices are a reflection of the Trinitarian prayers they would make morning, midday and night. We have adapted some of these from the Northumbria Community schedule, substituting modern translations or paraphrases. You are invited to join with us in reading these prayers and responses each day.

- C** The times thus marked on the schedule are: 9am, 1pm & 11pm (10pm on Wednesday due to Labyrinth)

LABYRINTH

On Wednesday night from 10pm till 7:30am the barn will be transformed into a contemplative prayer space called The Labyrinth. This is a traditional concept consisting of a winding or circuitous path that leads into the centre of a floor pattern and back out again. The path is a metaphor for our spiritual journey and one is meant to take time to slowly walk it through while in an attitude of meditative prayer.

Our Labyrinth adds the opportunity to pause and experience God through all the senses!

We'll set the lighting low, light candles and accompany the experience with appropriate music. Drop in at any time during the night.

JOURNALLING

At the journalling table you will find blank journals - take one (a donation of £3 is suggested but not mandatory) and use the materials at the table to decorate and personalise your cover. You can then keep and use it as a journal throughout the week. There will be plenty opportunities to find a quiet space for reflection and writing.

**GLORY IN THE COWSHED
2019 PROGRAMME**

CREATIVE FOCUS SESSIONS

Each afternoon from 3-5pm we'll be exploring creativity and allowing other art forms to lead. In church, by default, musicians lead us, normally in sung worship. We recognise that other creative and artistic expressions can take initiative too, when given the chance, and that God has much to say and release when we allow this!

All creative focus sessions take place in the main worship space.

TUESDAY

Movement In Worship Workshop

A practical workshop exploring what it means to worship God using the whole of who we are, uniquely, with our bodies and also with banners and other props.

The workshop will include a short teaching. Towards the end there will be an opportunity for free worship play time, using the space to try out what you've learned, with live worship.

Suitable for all levels of experience, including beginners. Wear comfortable clothing.

WEDNESDAY

Art Led Session

Several of our team artists will be given a blank canvas and a central space and allowed to begin the session. Musicians, dancers, poets and prophets will be invited to follow their lead. We will see where the Spirit takes us!

You do not have to be an "artist" to participate in this session - it will be possible for all to engage in some way with what God is releasing.

THURSDAY

Creative Melting Pot

The room will be divided into four quadrants: Sound, Movement, Art, Words. Each will have an opportunity to lead in turn, and each will respond to, and interact with, the others. We'll have experienced facilitators in each of the four sections so that everyone can get involved!

This is a time of "off-the-map" prophetic exploration during which we expect God to speak powerfully.

ART AREA

In addition to these planned sessions, the art area is available at all times for individuals to use. Some materials are provided - see a member of team for access to these. Children should be supervised.
